President Message

Good Things to Come

Things are slowly getting back to normal in our lives--time with family and friends, shopping, vacationing, etc. Good things are to come. Good things like meeting in person with our DKG sisters while participating in projects and activities. I hope you will share the DKG opportunity with others during the summer. Bring someone to our August meeting as your guest. Sharing some of these "good things" will just bring more good to DKG.

Best wishes always,
Beth

Pay your Society dues by the end of May, but why wait! Please mail your check as soon as possible to chapter treasurer or bring to the May planning session.
